

The Plastics Pledge

Help decrease your contribution to ocean pollution by reducing your plastic consumption. Taking small steps everyday can make a huge difference.

I, _____,

pledge to not trash the oceans by:

- Using a reusable tote or other bag at the grocery store
- Drinking water out of a glass or reusable, non--plastic water bottle
- Recycling plastics whenever possible
- Not littering and disposing of trash properly
- Encouraging my friends and family to reduce their plastics consumption
